About Anika Therapeutics, Inc.

Headquartered in Bedford, Mass., [Anika Therapeutics, Inc.](#) develops, manufactures and commercializes therapeutic products for tissue protection, healing, and repair. These products are based on [hyaluronic acid \(HA\)](#), a naturally occurring, biocompatible polymer found throughout the body. Anika’s products range from orthopedic/joint health solutions led by [Orthovisc®](#), a treatment for osteoarthritis of the knee; to surgical aids in the [anti-adhesion](#) and [ophthalmic](#) fields. The company also offers [aesthetic dermal fillers](#) for the correction of facial wrinkles. Anika’s Italian subsidiary, Anika Therapeutics S.r.l., provides complementary HA products in orthopedic/joint health and anti-adhesion, as well as therapeutics in areas such as advanced wound treatment and ear, nose and throat care. Its regenerative tissue technology advances Anika’s vision to offer therapeutic products that go beyond pain relief to protect and restore damaged tissue.
